Happel & Associates' golf tourney raises more than \$7,000 for the Credit Union of Colorado Foundation

Golden based Happel & Associates Commercial Builders' recent charity golf tournament raised more than \$7,000 for the Credit Union of Colorado Foundation.

The foundation primarily provides support in two areas – education, most often in the form of college scholarships; and direct, short-term grants to individuals and families who confront emergency financial challenges, such as paying for essential living expenses while confronted with large medical bills.

The foundation's president, Doug Schneider, said, "We're grateful to Happel & Associates and everyone who played in, and otherwise supported their golf tournament. We applaud their support of Colorado communities in general and our mission in particular."

The tournament was played July 25 at Fossil Trace Golf Club in Golden, Colorado. More than 120 golfers and a dozen sponsors supported the event. This tournament marked the eighth year Happel & Associates has supported Colorado charities with this event.
